

Acepsis® presents

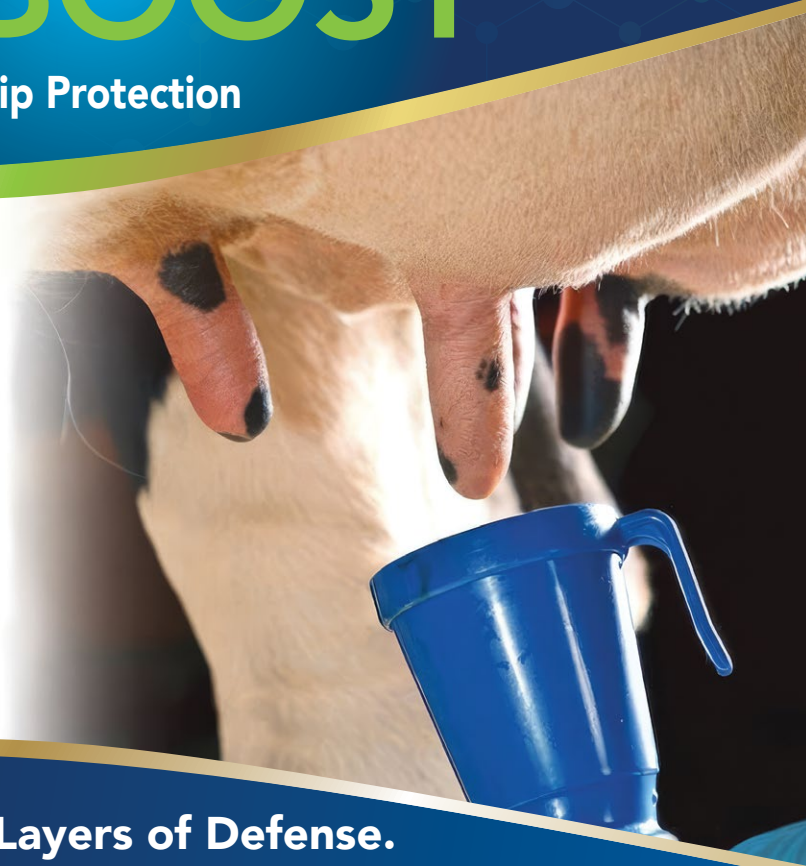

NOVA BOOST™

Advanced Dual-Action Post Dip Protection

Introducing the Next Evolution in Udder Health Protection

Today's dairy environments demand more from post-dip performance.

NOVA® Boost™ enhances the proven performance of **NOVA Post** with **DDBSA secondary disinfection technology**, delivering an added layer of protection designed for modern herd challenges.

Two Layers of Defense.
One Smarter Post Dip.

Primary Disinfection + Secondary Protection

NOVA® Post delivers trusted germicidal performance.
NOVA® Boost™ elevates protection by adding:

- ✓ Enhanced environmental pathogen defense
- ✓ Expanded protection under challenging bedding conditions
- ✓ Secondary disinfectant support with DDBSA
- ✓ Added teat-end protection between milkings

The ACEPSIS® Difference

At Acepsis, Innovation Begins With Prevention.

NOVA® Boost™ reflects our commitment to:

- Advanced hygiene technologies
- Smarter prevention strategies
- Performance-driven solutions for progressive dairies

 **Acepsis®**
An ounce of prevention ...

A New Standard of Protection.

Why NOVA® Boost™?

Built for Dairies That Expect More

When mastitis pressure rises, ordinary protection may not be enough.

NOVA® Boost™ helps support:

- ✓ Stronger hygiene programs
- ✓ Enhanced teat-end defense
- ✓ Support during seasonal or bedding-related challenges
- ✓ Confidence in demanding environments

Powered by Chlorine Dioxide and DDBSA Technology

**Secondary Disinfection
for Elevated Protection**

NOVA® Boost™ introduces **DDBSA technology** to complement your existing post-dip protocol. **Designed to support defense against environmental exposure associated with:**

- Coliform pressure
- Environmental streps
- Challenging bedding conditions including recycled manure solids
- High-risk exposure periods

Chlorine Dioxide Alone

- ⚡ **Rapid antimicrobial action**
- 🛡️ **Broad spectrum killing agent**

Boost™
Technology

NOVA® POST Dip with Boost™ Additive

- ✓ **Rapid initial kill**
- ✓ **Extended antimicrobial protection with complementary technology**

**FAST Initial Kill +
Longer-Lasting
Antimicrobial Activity**

**Can be used in combination with
our NOVA® FOAM additive.**
